## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 16, 18 - 21, 23 - 33 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not show a surface in the microperforated sheet absorber is increased by including additional holes having a surface area of from 6 - 40,000 mm<sup>2</sup>. Furthermore, the Examiner notes the definition of "non-woven" provided by the Applicant to include some form of fibrous material. As such, the "foil" of Fuchs does not meet the definition of "non-woven" as defined by Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
